

APPLY NOW FOR THE SUMMER 2026 “JAPAN IN DC” PROGRAM

Globalize DC is now accepting **STUDENT APPLICATIONS** from DC high school students (either DCPS or charter) for its **FREE** six-week summer program, **“JAPAN IN DC.”** The program is scheduled to run June 29-August 7, 2026, Monday-Friday, 9 am-2:30 pm.

If you're into Japan or just want a global experience without leaving the city, this is the program for you! You'll spend your time with other highly motivated peers, exploring and getting to know a wide variety of people, places, organizations, and businesses with connections to Japan. It will be a lot of fun - with real-life exposure to Japanese history, Japanese culture, and Japan-related careers in your own city! We'll have a special focus this summer on the World War II era, and the US-Japan relationship. We're even including a little Japanese language learning as well. Students will document and share what they learn, will gain useful work-readiness skills, and will create their own student-led tours.

Students who registered with the Marion Barry Summer Youth Employment Program will be paid for their participation. Those not registered are also very welcome to apply.
